Community Kitchen Job Training Program
Instructor Scott Roubeck with the 2014 Graduates!

Dear Mark,

Last month, I joined family members, friends, staff and volunteers in celebrating the 18th graduating class of the Community Kitchen Job Training program. Scanning the faces of the crowd, I saw nothing but pride and happiness as the students tried on their new personalized chef jackets. Since 2005, I've seen 146 young people graduate this program and I'm delighted that more than 80% continue on to jobs or further education.

Our mission at Food Gatherers is to alleviate hunger and the causes of hunger. Providing good food is when it's needed is vital- but how do we alleviate the *causes* of hunger, and break the cycle of insecurity for the next generation?

The Community Kitchen Job Training Program is one answer to that question. Partnering with WorkZone Ozone House and the Washtenaw Housing Alliance, we bring at-risk youths into our family here at Food Gatherers. We train them in food safety and culinary arts, community service and the life skills that can lift them out of that cycle, once and for all.

This is just one of the benefits your donation of \$250.00, received on 9/16/2014 makes possible: a brighter future for all our families to share.

Forever gathering,

Eileen Spring
President/CEO
